School District No. 60 (Peace River North) is looking for the public's input on how to best deliver cost effective student transportation within the district.

Having received limited public response on this matter by our initial May 8<sup>th</sup> target date, the Board of Education of School District No. 60 (Peace River North) is holding an information meeting the evening of May 16, 2013, to gather input into how to maintain or possibly improve transportation given the anticipated costs due to the loss of some government funding. The Board anticipates a growing deficit in transportation as a new funding formula continues to be phased in over the next two years.

"At this point, if we do nothing the deficit is estimated to grow to over \$720,000 each year starting in 2014," advises Doug Boyd, Secretary-Treasurer.

Trustees and Executive Staff members will be available to the public on Thursday, May 16 at the District Board Office between 5:00 and 8:00 p.m. to hear feedback and ideas about how to best cope with this situation.
